*\*must be willing to provide proof of individual income to qualify for reduced fee – more details available upon inquiry\**

Family Services of Central Massachusetts is pleased to announce, in partnership with Life Events Organizing, a new education program focused on helping people navigate the financial aspects of their divorce.

Many people come to us asking us questions like:

**Can I afford to get a divorce?**

**What is a Financial Statement?**

**How can I keep the house?**

**How will we provide for our child(ren)?**

**How do I divide my assets?**

**How do I fill out a Financial Statement?**

**Can I afford to keep the house?**

**Will I be financially okay after divorce?**

These questions are normal and valid when divorcing!

We are pleased to offer you this opportunity to join us and have your many questions answered. We will talk about a number of topics specifically around dealing with: **how to divide savings; deal with retirement accounts; considerations with the home; savings; medical insurance; debt; and more.**

You will have the opportunity to ask questions you may have in front of the group, or privately after, with trained Divorce Financial Professionals who can help you take the steps you need to move forward more confidently.

**Tim Nihill**, Certified Divorce Financial Analyst® (CDFA®)

**Jyoti Nihill**, Founder & CEO of Life Events Organizing
