

Home Your Own Way

Should I Stay or Should I Go?

It's a question many of us begin to ask ourselves as we grow older: Should I stay in my longtime home or choose another place in which to age?

This workshop will help you:

- Make a plan to start the conversation about where a senior loved one or you would like to age.
- Discover the home pitfalls that could jeopardize someone's safety and independence.
- Identify the remodeling that could assist someone in the home and keep that individual safer, and understand the value of cultivating and maintaining that human touch.

Free and open to the public.
Light refreshments will be served.

when

Thursday, October 24
1:00 pm- 2:30 pm
