

*In May of 1862, President Abraham Lincoln created the **U.S. Department of Agriculture** and called it **The People's Department**. Today USDA is made up of several agencies that provide direction on food, agriculture, natural resources, rural development, nutrition, and related issues. Three of those agencies include:*

- **Natural Resources Conservation Service (NRCS)**
- **Farm Service Agency (FSA)**
- **Risk Management Agency (RMA)**

These three agencies provide opportunities for ...

- ✓ Loans to access capital to fund your operation
- ✓ Managing risk on your operation
- ✓ Implementing conservation on your operation
- ✓ Helping your operation recover from a natural disaster

Come join **click** and representatives from USDA to find out if you're eligible for technical or financial assistance through some of the many programs funded by the **2018 Farm Bill**.

WHERE: **click** Commercially Licensed Co-operative Kitchen
41 Club Road, Windham

WHEN: **March 4, 2020 (Bilingual)**
6:00-8:00 PM

Please RSVP by Monday, March 2, 2020
