

Jewish Genealogy for Beginners

Wednesday, June 12, 6–8:30 p.m.

Forbes Library

20 West St., Northampton, MA 01060

“I want to trace my family tree, but I don’t know where to start.”
“I did the DNA test, but now what do I do with the results?”

Is this you? Join us for a free informative program designed for researchers with limited experience. Topics include:

- Why Jewish genealogy is unique (and challenging!)
 - Gathering and organizing family information
- Using resources such as websites, libraries, cemeteries
 - How to connect with others doing research

Questions about the event? Email research@wmjgs.org
